NON-CUSTODIAL PARENTS

- I. It is the intent of the Talbot County Board of Education to offer guidance to Principals and school staff about questions or situations concerning parental custody and care of a student:
 - A. In the absence of legal documentation, it shall be the policy of Talbot County Public Schools to elicit a duly executed, notarized written agreement between separated parents for the purpose of clarifying such custody issues as who should or should not pick up a child from school.
 - B. Unless otherwise ordered by a Court, access to a student's medical, dental, and/or educational records may not be denied because the parent does not have legal custody (COMAR 13A.08.02.30).
