EDUCATIONAL PHILOSOPHY (ORGANIZATIONAL BELIEFS)

The Talbot County Board of Education has established six broad belief statements which reflect the educational philosophy of its professional staff. The Board directs the administration to develop regulations that expand on each of the following statements with details that further reflects their philosophy, and adheres to the goals of the strategic plan.

1. Effective curricula and instruction focus on outcomes
2. Self-esteem is enhanced by positive learning experiences
3. Individual differences influence learning
4. Success is achieved through appropriate learning conditions and high expectations
5. Effective organizational practices are guided by valid research
6. Positive interaction with parents, community, and the environment fosters success
