

The background of the slide is a detailed architectural blueprint, likely for a school building, showing various rooms, corridors, and structural elements. The blueprint is rendered in shades of blue and white, with a dark blue horizontal band across the middle containing the text.

Blueprint for Maryland's Future October Updates

Talbot County Public Schools

Kristen Tilghman – Implementation Coordinator

Goal of the Blueprint

Transform Maryland's education system to the levels of high performing systems around the world through:

- enhancing the education profession and incentivizing teachers to pursue professional development while maintaining focus on classroom instruction
- expanding and elevating educational opportunities for all students, Pre-K through Grade 12

MSDE & AIB Blueprint Updates

Superintendent Choudhury presented a draft Implementation Plan Template in a public AIB meeting on 9/29

This draft template addresses key components of each pillar and suggests incorporating detailed plans for the next 5 to 10 years

Participation in Feedback Sessions on Template Design

MSDE has discussed offering technical assistance for some portions of the plan during local development process

Not officially approved by AIB as of 10/14

MSDE & AIB Blueprint Updates

Blueprint Implementation Plan: Criteria for Success

Meets All Criteria

The response answers the question in its entirety, includes detailed and specific examples, is presented in a logical sequence with coherence, and is both ambitious and feasible.

Partially Meets Criteria

The response does not address all parts of the question, lacks detail or specific examples, is presented in such a way that it is difficult to understand, and either lacks ambition or is not feasible.

Does Not Meet Criteria

The response does not address the question, or no response is included.

Superintendent Choudhury presented a draft Criteria for Success (must be approved by AIB)

Reviewers could be selected from MSDE staff, MSDE Expert Review Teams, and leading education experts and practitioners

MSDE Team will review and make recommendations to AIB for formal approval status
